

# Mapping Center™

for Evangelism & Church Growth

A NON-PROFIT MINISTRY SINCE 1997

## Community Connector Online Edition

The screenshot displays the 'Define Project Areas' interface. At the top, there is a search bar with a 'FIND' button and a 'SAVE AREAS' button. Below the search bar is a toolbar with icons for 'PAN & ZOOM', 'DIRECT SELECT', 'AREA SELECT', 'RADIUS SELECT', 'UNDO SELECT', and 'ZOOM TO PROJECT'. A green callout bubble points to the 'RADIUS SELECT' icon, containing the text: 'Select by radius, streets, or levels of ZIP codes.' The main map area shows a street grid with several red circular markers indicating selected areas. A second green callout bubble points to the map, containing the text: 'Quickly view areas you have selected.' To the right of the map is a control panel with a '+ CREATE NEW AREA' button, a note to 'Select map markers to add or remove them from the highlighted area.', and two team selection options: 'Team 2' (unselected) and 'Team 1' (selected). Below these are 'Edit Label' and 'Zoom to Fit' links. Further down, it shows 'Key: HXH910' and '82 Homes/8 Reached' with a progress bar. At the bottom of the control panel are 'CHECKED' and 'DELETE CHECKED' buttons. A third green callout bubble points to the '82 Homes/8 Reached' text, containing the text: 'Get a live count of number of homes in each area.' At the bottom of the interface is a legend with five categories: 'Assigned/Selected Area' (red circle), 'Assigned/Unselected Area' (pink circle), 'Partial/Selected Area' (red circle with a white dot), 'Partial/Unselected Area' (pink circle with a white dot), and 'Unassigned' (diamond). A second, faded version of the map and legend is visible below the main one.

### Select and Assign Areas

Simply draw and select areas on the map to mark areas for outreach, assign areas to teams/individuals, and get a live count of the total homes in each area.

Project: Prayerwalk April 13

Print/export/e-mail lists and maps for each area.

Individuals can go online to mark as completed.

### Print/E-mail Assignments

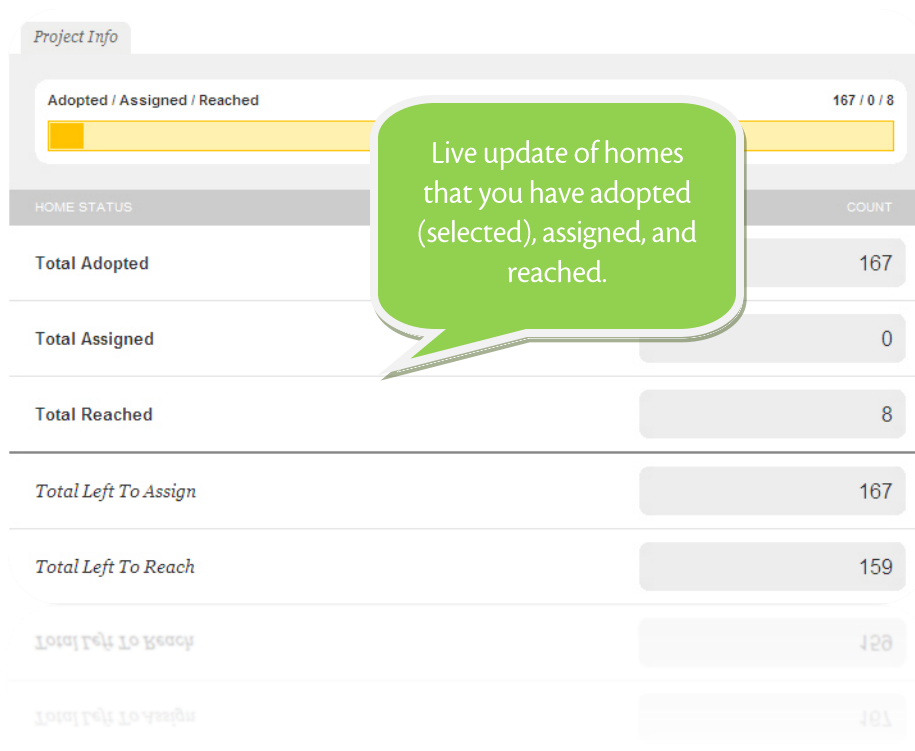

Print name/address lists and maps for teams, or email their area so they can go online and print themselves.

### Update Progress Online

Teams/individuals can mark homes as reached, enter notes and prayer requests, and set a date for follow-up.

### Export Mailing List

Export any selected area as a CSV file for use in a mail merge or email it to your local mail house.

### Track Progress Online

As teams and individuals mark their homes online, you receive live updates of the progress.
